

THE DAILY STATE SENTINEL, is sent by the early morning express and freight train, and delivered to subscribers in all towns on the same time it is delivered to this city. This enables readers at a distance from the Capital of Indiana, to get the news of the day from six to twelve hours before they can receive it through papers published elsewhere. News dealers and carriers in any of the towns on railroads entering at Indianapolis, will be supplied with the SENTINEL, on as good terms as any other papers. Claims for the paper will be supplied at Agents' rates. Orders are solicited.

**Proceedings of the State Convention.**  
The extra edition of the *Sentinel*, containing the proceedings of the 8th of January Convention, being exhausted, and to meet the additional orders we are daily receiving for them, we have concluded to publish another edition in larger type. Those of our friends who desire to order them will please do so promptly.

**Price \$1 per hundred.**  
No better document can be circulated to disabuse the public mind of the erroneous impressions that unscrupulous papers and politicians have attempted to create in regard to the character of the Convention and its action upon the momentous issues now before the country.

**Dr. Kitchen and Wright returned from Fort Donelson last night.** The party of physicians who left here on Monday last week, arrived at Cairo next day at noon. None of the wounded had arrived there, and they went to Mound City, seven miles above, where there is a large, well-conducted hospital, capable of accommodating 1,200 patients. The nursing is mostly done by the Sisters of Charity, and everything about the hospital looked neat. There were about five hundred patients already in the hospital, and there was a demand for physicians. Dr. Athon, Redick and Rooker volunteered to stay. Dr. Kitchen, Wright and Fishback went to Paducah. They were authorized by Gen. Sherman to visit all the hospitals, eight or ten in number, and the different transports, to look after the wounded. A list was taken, and a dispatch sent to Indianapolis, but never came to hand.

The weather was very bad, and it would have been impossible to send to Indianapolis any severely wounded. In fact, the medical directory positively objected to it. A steamer arriving crowded with wounded in a very uncomfortable condition, Dr. Fishback volunteered to accompany them to Mound City. Another steamer soon passed with over 100 wounded aboard, without any surgeon, in charge of the Captain of the 4th Indiana, who is himself a physician. Gen. Sherman, on being made acquainted with these facts, sent immediately Dr. Blackman, of Cincinnati, and Drs. Kitchen and Wright, on a Government tug to Fort Donelson. The boat was slow, had but a small cabin, without any sleeping accommodations, and without anything to eat. Fortunately at Smithland they came across the Allen Collier, with certain members of the Sanitary Committee of Cincinnati, and Mr. James Blake, of Indianapolis, who kindly invited them aboard. They arrived at Fort Donelson the next day at noon, finding about five hundred wounded there, mostly on steam boats. Drs. Blackman, Kitchen, and Wright were immediately assigned to duty on board the *Fanny Bullitt*, where there were about two hundred wounded, many of them severely so. The boat was ordered down the river on Friday night, which gave them time to visit the whole battle field. The whole forest on the right wing, as they observed, had been riddled by bullets and balls, and the contest seemed to have been most terrific. A number of killed still remained unburied. Dead horses were scattered around, and pools of blood were seen in hundreds of places. Broken guns, sabres, spent cannon balls, exploded shells, and the like completed the scene. The *Fanny Bullitt* leaving Fort Donelson on Friday evening, arrived at Paducah on Saturday. Instead of going to Evansville as was intended, part of the wounded being destined for Indianapolis, it was the unanimous conclusion that the wounded should be removed from the vessel on account of the offensive atmosphere and particularly on account of erysipelas having assumed an epidemic form. The boat was therefore sent to Mound City with all the wounded. At Mound City Drs. Athon, Fishback, Rooker and Redick were found with their hands full. The necessity for surgeons was so great that the two last named were employed by the Government to stay in the hospital. The two first will return to morning or next day.

**METROPOLITAN HALL.**—Dot, last night, was by all odds the greatest hit made during Mr. Coulock's engagement. The exquisite intermingling of comic and serious passages gave to the audience a treat that was the more pleasant on account of its not being anticipated. Everything in the way of machinery and scenery has been done for the piece to render it complete, and the manager deserves success to crown his efforts to amuse our citizens. The snow scenes and shifting of Caley's toy shop at the end of the 2d act, was exquisitely arranged and managed. Mr. Mr. Coulock, as the bluff English carrier, John Perrybringle, was precisely what Dickens meant when he wrote his book. The same may be said of Miss MacCarthy's rendition of the loving wife, Dot. Mr. Vincent, as Caley, was exquisite, his little bits of pathos making us cry this minute, and some childish piece of fun convulsing us with laughter the next. Mrs. Pope as Mrs. Fielding, Mrs. Ashner as Tilly, Mrs. Foster, Miss Endress and the ladies who assisted in the Fairy scene, were all an *fait*, whilst Messrs. Ashner and Hamilton did all in their power to insure the success of this piece. We must not forget to make special mention of Miss Fletcher as the Cricket. This young lady, with care and attention, will yet rise in the profession she has chosen. It is repeated to-night.

For the Daily State Sentinel.  
**Sisters of Providence.**  
EDITOR SENTINEL: I consider it a fact worthy of notice that the Sisters of Providence, who have charge of the Military Hospital, are not furnished with a conveyance to and from the city, but are obliged to wade through mud and mire on foot. A carriage is furnished them on Sundays, it is true, but the religious duties of the Sisters make it necessary that they should come in town every day, and it is a crying shame that they should be allowed to walk. I can safely say that the greater part of the way to the Hospital the mud is knee deep. A small one-horse spring wagon would here be of infinite use, and, where so much money is spent, why not a little be invested in this good purpose? The Sisters are uncomplaining, and for that reason their comfort should be the more carefully looked after. I would be glad if you would call attention to the matter through the columns of the *Sentinel*.

Respectfully,  
L. D.

To make line, some pieces of linen sheets or coarse towls laid over the corner and more worn the better—and with a table knife escape from its surface, over the knife, table or board, into the soft, spongy—and in gathering it up be careful not to squeeze it tightly between the fingers, or you destroy its value—and drop it into a basket or box loosely.

**Lieutenant Omar Tousey** has been detailed as Adjutant of the post at Indianapolis.

The streets are usually muddy now a days. What is the Street Commissioner about?

Wood was retelling on the streets yesterday at \$2.50 a 300 per cord.

Lieutenant Tousey has detailed Sergeant Roberts, of the 16th Indiana, as life clerk in Col. Simmons's department.

Lieutenant W. C. Elkin has been ordered to join his regiment at Fort Monroe forthwith.

The ladies of New Albany have perfected arrangements for taking care of the Fort Donelson wounded who are to be sent to that place.

The 63d regiment, Colonel John S. Williams, in camp at Covington, has been ordered to Indianapolis to guard rebel prisoners.

The *Monthly*—Bowers, Stewart & Co., and Merrill & Co. are in receipt of Harper's Magazine and the *Atlantic Monthly* for March.

Lieut. Col. King has made arrangements to provide all the rebel officers under his charge with changes of linen and other articles of wearing apparel necessary for personal comfort.

The uniform of the Confederate officers, one or two of whom are occasionally seen on our streets, is decidedly of the old continental order, whether by accident or design.

We are glad to learn that our well known fellow citizen, Colonel Archey, who has been confined with an attack of pneumonia, is rapidly recovering, as we are informed by his physician.

The Surgeons and Chaplains of the rebel prisoners are allowed the freedom of the city on parole, being only required to report themselves daily at Lieutenant Colonel King's headquarters.

Governor Wright, just appointed United States Senator by Governor Morton, will speak to-night in the Hall of the House of Representatives, at 7 o'clock. It is understood that the distinguished gentleman will define his position.

Some one hundred men will be mustered into the service to-day by Lieut. Omar Tousey at his headquarters, in the State House. This work would have been performed yesterday, but Dr. Bobbs, the Examining Surgeon, was absent.

**FAIR AT MASONIC HALL.**—To-night, to-morrow and the next night fairs will be held at Masonic Hall for the benefit of the Sisters of Providence. The object is most worthy, and we hope to see the hall well filled on each night.

Mr. D. B. Hunt, Col. Simmons's clerk, was sent to Cincinnati, a day or two ago, to purchase 3,000 knives, 3,000 forks, and 3,000 spoons for the use of the rebel prisoners in Camp Morton.

Lost—On Thursday evening, between Flagg's saloon and the canal, a blue cape, which the finder will please leave at Flagg's saloon, and receive two dollars.

**INDIANAPOLIS GRAIN MARKET.**—The quotations yesterday were as follows:  
Wheat, red, 80¢/55¢; corn, 24¢; oats 22¢/25¢; rye, 40¢/50¢; buckwheat, 30¢; haled hay, 11¢/12¢; loose do., 7¢/9¢.

Capt. McFarland, of the 16th Indiana, has been detailed by Col. Simmons as Quarter-master of this post. Capt. McFarland is a gentleman of varied accomplishments, and a patriotic officer who has seen service. We congratulate Col. Simmons on his fortunate selection.

Privates Jacob Fider and Samuel Scribner, of Captain Bracken's cavalry company, arrived in the city a day or two ago on a short leave of absence. The numerous friends of these young gentlemen, brave soldiers, tried and found to be true, were happy to welcome them home. They left their comrades at Parkersburg, Virginia, all in good health. They will be pleased to take any word back to the boys their friends at home may desire to send.

The 61st Indiana yesterday took lunch at the Spencer House, after guarding prisoners all night, and previous to their departure for Terre Haute. We commend the liberality of Mr. Harth, the accomplished proprietor of the Spencer, one of the best Hotels in the city.

Supplies for the prisoners at Camp Morton were abundantly forwarded yesterday, not only from the Quartermaster's Department, but from citizens generally. Wagons were brought out the day progressing in lengthened trains in that direction, loaded with the necessities and comforts and even luxuries of life.

Some 800 more prisoners of war arrived in the city night before last and were escorted to camp Morton by the 61st Indiana, Colonel Mullen. We are informed that there are now at this military post some thirty-seven hundred men taken in war. At Richmond, Terre Haute, Fort Wayne and Lafayette others are distributed, making the total number in the State nearly 10,000.

**GENERAL BUCKNER.**—United States Marshal Rose has received orders to prepare rooms in the Government building, on Pennsylvania street, for the confinement of this celebrated rebel chieftain. He will be courteously attended to, receiving his meals regularly from the Palmer House, of which Jesse D. Carmichael is the accomplished proprietor.

**MARION COMMOS PLEAS.**—The celebrated case of Route vs. Col. Charles W. Hall has occupied the attention of this Court for the past day or two. It involves the construction of certain stipulations in the contract between the parties for building the magnificent "Exchange" edifice on Illinois street. The case will probably be brought to a close to-day. Harrison and Barbour for plaintiff; Taylor and Hendricks for defendant.

**BOWLING SALOON AND GYMNASIUM.**—Mr. T. C. Wright, the accomplished proprietor of the splendid Bowling Saloon on Georgia street, between Illinois and Maryland, has recently refitted his establishment magnificently, and he cordially invites all citizens and strangers in the city to visit it. Mr. Wright will show them every court, and for an hour or two's recreation we do not know of a more agreeable place of public resort in the city.

**THE SANITARY COMMITTEE.**—The efficient gentlemen placed upon this Committee by the meeting of citizens held in the Court House immediately after the fall of Fort Donelson, went about with three blank books. In the first, sums of \$100 and upwards were to be subscribed; in the second, sums of \$50 and upwards; in the third, sums less than \$50. It has been suggested that a fourth book, and a fifth book, and a sixth book, or any number of books, be provided, for the names of our liberal and patriotic citizens, who have not yet subscribed anything, but who, being rich, are anxious to put down their names for something for our wounded and suffering soldiers.

**Col. Anson, a late accomplished military officer,** who has spent his time his means, and exercised his genius in the service in this State, has, it appears, been superseded in his command by Frank Blair of Missouri.

The 61st, the 2d, 3d, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.
